Decisions at the end of the meeting:

1. Programme's official logo is decided to be a compilation of all the single logos students have created.
2. All the deliverables of the programme should be uploaded on programme's EUoMo cloud space, E-twinning platform, and official programme's site <https://europeonthemove.eu>.
3. All the deliverables of the programme are going to be published in a final Ebook, which will incorporate all the works in a multimodal way and it will be easy to be published on sites, social networks and E-twinning platform. At the same time everything will be downloadable and printable. A specific eBook creation platform has to be chosen, but which one remains to be decided on shortly. Each country will upload the deliverables in the corresponding module and by the next meeting at Rutigliano (BA) a draft Ebook should have been prepared.

All the participants of the "Migration Biographies – Europe on the move" project agree that the run of this transnational meeting in Greece was a great pleasure both for the hosts and the distinguished guests. Everybody had the opportunity to share ideas and enjoy a partnership of common interests and values.

The next meeting is going to be held in Rutigliano, Italy in February 2020 from 08/02 to 14/08/2020.
